Objective: Contract management for the Federal Office for Building and Regional Planning within the renovation measures for the Palace of the Republic

Location: Berlin

Client: Federal Office
for Building and
Regional Plan-
ning

Year: since 2007

Budget: 51.000 €

Initial situation:

According to the contract between the Federal Republic of Germany and the State Berlin of the year 2004, the Federal Government bears the costs incurred for the removal of asbestos within the renovation of the Palace of Republic.

For this C&E developed the approach for cost applying and cost reimbursement between the State Berlin and Federal Building Authority. We checked the cost reimbursement applications and estimating the eligible costs.

Furthermore C&E provided assistance as a professional questioning in regard with removal of asbestos and gave recommendations for approval of measures to the Federal Building Authority.

Services provided:

- Controlling; organisation of voting between Federal Office for Building and Regional Planning and State of Berlin
- Opinion about the asbestos-related design measures
- Control of the asbestos removal planning
- Economic analysis
- Examination of supplementary offers
- Examination of reimbursement and cost monitoring
